

Supply List

Supplies – Lucid Dreamscapes

Student Supplies – please read carefully

1. Cradled Wood Panel 8"x10" and at least 1.5" deep
2. A picture frame 8"x10" (or slightly larger) frame with a 5"x7" opening – glass removed – In other words, the frame is for a 5"x7" photo, but the structure of the frame measures at least 8"x10" since we'll be attaching our cradled panel to the back.
3. Faces – (we'll be working with a viewing area about 5"x 7" as a reference), high contrast clear close-up of faces works really well, in a variety of sizes as small as a passport photo and up to 5"x7" – please make sure they are photocopies and try to have them copied onto glossy photo paper if possible.
4. Copies of some of your faces and/or other imagery on transparency (laser or photocopy is a must –look at class samples to get an idea of what to print on transparency)
5. Paper, ephemera, tissue paper and collage items
6. Paintbrushes: bring a few in different sizes (at least one detail brush)
7. Water Container & Palette (paper plates will suffice)
8. Matte medium – 4 oz (will sound syrupy when you shake the bottle)
9. Scissors
10. An assortment of found objects, things like: watch parts, wings, rulers, fabric trim, chains, old jewelry pieces just about anything, we'll be using these to adorn the interior and the frame

11. Ruler
12. Your usual marking making tools (pencils, markers, etc.)
13. If you have an x-acto knife and mat please bring it along (I'll have some for sharing)
14. Sheet of foam core 8"x10" or larger

Optional Supplies

- Heat gun
- Mica
- Mica flakes
- Gold leaf
- Paper Towels & Baby Wipes (recommended)
